

LYNDON

ACADEMY

Dear Future Lyndon Family,

Thank you for taking Lyndon Academy into consideration. We understand that selecting the right school for your child is extremely important. My staff, our parents, our students, and myself are here to answer any questions that you may have during your evaluation process.

Families are drawn to Lyndon Academy for a number of reasons. We have small class sizes that are limited to sixteen students in our Junior Kindergarten through fifth grade and well below the norm in our middle and high school. Your child will not get lost in the crowd, and they will have that individualized and personalized attention that they deserve in a very family friendly environment.

Within this welcoming atmosphere, we want our students to value and respect individual differences, encourage aesthetic sensitivity, promote ethical and moral conduct, and foster a sense of community responsibility.

Our unique delivery in the lower school provides unparalleled accountability in every subject, including the foreign languages. Students are taught a lifetime love of learning in all disciplines, including Mandarin and Spanish daily, and they may continue in these courses until graduation.

Our rich and rigorous college preparatory curriculum, by design, functions to develop students' higher order thinking and encourages creativity. It also sets our students apart from the norm and leads them on a path of future success.

If you are impressed with what you see and hear, we encourage you to take the next step by completing the admission's process. Know that our doors are always open for you. Feel free to contact us with any questions that you may have.

Thank you again for your consideration.

Sincerely,

Linda N. Murdock
Headmaster
